patny. As a matter of fact, each met fate that he intended to deal out to s adversaries. There is not the slightest oubt that had Charles I. been victorious the civil war he would have chopped off ers who opposed him and finished the job by decimating or exterminating the Parliament. Nobody knew this fact better than the popular leaders. They found Charles utterly untrustworthy, and discovered that amicable adjustment realm he was also negoti money and men to reopen his life or theirs, and as a defense they were compel
